South Wales Wings

South Wales Wings is a region of the Goldwing Owners Club of Great Britain. Their members are from all over South Wales, from Swansea in the West to Chepstow in the East. Their Wings are solo machines or trikes, and they even have a Quad Wing within the Club. A large chunk of their annual schedule is taken up supporting their charity in the form of providing static exhibitions of their Wings, such as charity rides and photo opportunities. In 2014, the region started supporting Blood Bikes Wales (Charity number 1143352), which provides a completely free courier service to NHS Wales - transporting sepsis samples, blood plasma, donated human milk, documents and other items. It provides its services on evenings and bank holidays when the NHS service does not operate. In the last ten years, they have raised over £10,000 for the charity.
